Worldwide Delivery

We deliver our mobile workshop trailers across the globe — from Africa to Central Asia, Europe to the Middle East. We handle all export documentation including COC, ADR, CE, and shipping support.

Custom Manufacturing

Whether you need hydraulic hose crimping, welding, water pressure systems, or remote power — we tailor every trailer to your technical needs. Fully modular and ready for your equipment list.

MWS 2.1 Light Duty

Optimized for Mobility and Efficiency Designed for field service and on-site repairs, this mobile workshop body is built on a lightweight chassis — ensuring easy maneuverability, fuel efficiency, and reliable performance without compromising durability.
