EN 15154-1

EAC/GOST-R

Meets requirements of ANSI standard.

Technical Description

Pedestal Mounted Body Shower Unit

Body showers are designed and intended to be installed in close range of persons working in a potentially hazardous area. The main purpose of these devices is to immediately deliver a flushing fluid in a sufficient volume to extinguish flames and/or to flush the body following exposure to injurious substances or heat. With this accomplished the injured person can proceed to medical care.

Pull Rod operated.

Sprays water from showerhead.

Stainless Steel or Electrostatic Powder Painted options. Standard color is Green. Showers can be produced in different colors upon request.
